

SRI LANKA LAW COLLEGE NOTICE

Dear Students,

Recent flooding in the country has caused considerable disruption and concern. Considering these events, we are reaching out to all our students to inquire about your well-being and safety.

If you and your family have been affected by the flood in any way, please inform the College at your earliest convenience. Your safety and welfare are our top priorities, and as the Principal of the Law College, I want to ensure that appropriate support and assistance are available to those in need.

You can reach out to 011-2436040 or principalsoffice@sllc.ac.lk for any inquiries or assistance needed.

Additionally, if you are aware of any fellow students who may have been affected and have not received this notice, please encourage them to contact the Law College as soon as possible.
